

# EDISON THE MINI

## A trio in the spotlight.

### Here's the story

There is a new addition to the Edison family. If you thought Fatboy's icon Edison the Petit was cute, wait 'til you meet Edison the Mini. Congratulations: It's triplets.

This set of three mini, portable table lamps can be used all around the house. Put one here, there, or all three together. Their soft, subtle lighting gives them a candle-y feel, but with a lampshade style. There are three brightness settings to get the mood right. Lamps starting to dim? They're quick and easy to charge. With protection against rain and spray water, these lamps aren't afraid of the big outdoors either. Just three cheerful rays of light for your table.

The lamps feature an ingenious charging system – the power supply connects to the magnetic clips on the base of the lamp. The other end is a USB plug. Once charged, unplug and play! Switch on and off using the button underneath the lamp. Lighting with atmosphere, wherever you want it.

### Nice to know!

- For indoor and outdoor use.
- Material: polypropylene and ABS.
- Dimensions: 9.7 x 9.7 x 15 cm.
- Weight: 145 gr each.
- Set of three.

15 cm
