

# THIERRY LE SWINGER

## Here's the story

Thierry le Swinger is a multifunctional lamp. The supplied line makes it easy to suspend your Thierry anywhere, from a parasol for example. You can also anchor Thierry into the ground by using the specially developed beech wood stand. Position it on the beach or use it during a picnic on the grass.

As Thierry le Swinger is wireless, you can take it wherever you go. The lamp lasts between 6.5 and 42 hours, depending on its setting. With Thierry in your garden, you'll never want to go indoors again.

## Extra information

- Thierry le Swinger is rechargeable with the special supplied USB type C cable.
- Uses LED technology.
- Dimensions: 40.5 x 20.5 cm (WXH).
- A choice of three light settings: the low setting lasts 42 hours, the medium setting lasts about 16.5 hours and the highest setting guarantees 6.5 hours of light.
- As in the Bolleke series, four colours are available: Industrial Green, Taupe, Red and Light Grey.
- Water-resistant and easy to clean – perfect for outside.
- Includes line and beech wood stand.
