

POINT RECYCLED VELVET

Pretty and practical, this little round pouf is a perfect accompaniment to any interior. Point Recycled Velvet belongs to a special indoor collection made of luxury recycled velvet.

Here's the story

The fabric gives existing Fatboy items a delicate touch by cloaking them in a smooth, plush covering. Point Recycled Velvet is designed for indoor use and has a super-soft cover which is removable and washable for even longer-lasting pleasure.

100% recycled polyester

Point's cover is made of 100% recycled polyester. This velvety fabric reflects light and gives Point a beautiful shimmer that lends a subtle nuance to every color. Depending on the intensity and direction of the light, colors may appear lighter or darker, bringing a unique and vivid quality to this little pouf.

Colors on point

The pouf can also be used as an ideal side table or footrest. Point Recycled Velvet perfectly combines quality and functionality and is available in multiple elegant colors. Sit down or put your feet up and enjoy the luxury of lounging any way you want.
