

PALETTI LOUNGE CHAIR

Ready to relax?

Paletti Lounge Chair is ready to elevate your outdoor space. This spacious outdoor armchair is robust, stylish, and exceptionally generous, making its design instantly iconic. Whether you're unwinding with your favorite book or placing it alongside your lounge set for an afternoon or evening of socializing with friends and family, Paletti Lounge Chair is up for the task. No worries if there's a spill – Paletti Lounge Chair can handle it. A damp cloth or a blast from the high-pressure hose, and it's as good as new.

Inspired by pallets

Taking inspiration from easily interlocking pallets, Paletti Lounge Chair is almost as flexible. Want to transform it into a luxurious sunbed? Snap on a Paletti Hocker in one of the same stylish colors, and you're ready for hours of relaxation. Prefer a Paletti in the form of a lounge sofa? Choose one of the pre-set configurations or assemble your own with modular Paletti components.

Thoughtful design

While Paletti Lounge Chair exudes a super-relaxed vibe, this outdoor armchair is a thoughtful piece. The sturdy base frame is crafted from recyclable material. The steel backrest is rust-resistant, and the robust, water-resistant fabric can take a beating. You can leave your Paletti Lounge Chair outside in a summer drizzle, but for persistent rain and in the fall and winter, we recommend storing it in a dry place and using a Paletti cover. This way, year after year, it's always a Paletti summer.
